

TEXTILE TOKYO, Japan's leading textiles/materials trade show to be held this March with the largest-scale show ever held!

Tokyo-Reed Exhibitions Japan Ltd.

What is TEXTILE TOKYO 2019[MARCH]?

TEXTILE TOKYO is a trade show specialised in various kinds of textiles/materials. The trade show is held inside FASHION WORLD TOKYO - FACTORY-, which consists of 2 specialised shows which consists of 2 major exhibitions both of them specialised in clothing manufacturing. Visitors can meet not only new suppliers but also see various high functional materials to produce high-tech fashion at the venue. Furthermore, FASHION WORLD TOKYO, which is Japan's largest comprehensive fashion trade show, is held together with TEXTILE TOKYO therefore bringing great synergy to both exhibitors and visitors.

Meet The Textiles with World's First Technique!

Being Japan's leading textile trade show, it is mostly famous for its high-quality textiles made in Japan. The Textile/Fiber with advanced technologies, such as Water resistant Textile from *TFJ GLOBAL Inc.*, Thermoplastic Material from *FUTURE TECHNOLOGY Co., Ltd.* or Conductive Fiber from *PROUSION TEX* everything is gathered at one place! Moreover, there is a chance to see the textiles made by the world's high-class manufacturers and also meet a major exhibitor such as *YKK CORPORATION*.
